

TYMOTEUSZ BENDYK A-CLASS FOILING AND BOAT SETTINGS

2020

About me

I'm the currently the 3rd A-class sailor from 2019 World Championships in Weymouth with a lot of other national titles (A-class, F-18, Nacra 17, 49er). I'm closely cooperating with Exploder and Bryt Sails what gives me great insight in the newest technology and development in the class. I'm also an official A-class and F18 measurer. I graduated Physics at Gdańsk University of Technology and work there as the lecturer for some time. As a member of the Polish National Sailing Team my main focus is sailing and I have a lot to share in tactics, strategy and boat setting.

Goals during sailing camp

During sailing sessions work on:

- Boat handling
 - Upwind / Upwind foiling
 - Downwind foiling
 - Tacking and jibing
- Optimizing boat settings
 - Rudders rake
 - Daggerboards rake
 - Differential system
 - Mast rake and mast bend
- Maneuvers (optional)

Possibilities

- Videos from on board and from the rib
- Onshore video analysis
- Walk through boat setup (rudders, daggerboards, all ropes and systems)
- Test sailing on the boat

Requirements & wages

- Accommodation
- Rib with fuel for whole sailing camp
- Transport for the place of sailing camp
- 50 euro/day/sailor if ≥6 sailors; 70 euro/day/sailor if less than 6
